

notepad++ v7.8.6 Enhancement & bug-fixes:

1. Add multi-column marker (multi-line edge) feature.
2. Add dynamical sorting feature for Folder as Workspace.
3. Make MRU tab activate instead of rightmost tab while tab closure (if MRU enabled).
4. Fix folding state lost on the next startup issue.
5. Make Replace-in-Files confirmation dialog modal to prevent from crashing.
6. Add support of smart-indenting for Perl and Rust.
7. Make recorded macro (IDC_FINDNEXT & IDC_FINDPREV) retro-compatible up to 7.8.4.

Included plugins:

1. NppExport v0.2.9
2. Converter 4.2.1
3. Mime Tool 2.5

Updater (Installer only):

* WinGup (for Notepad++) v5.1.1
